1. Coverage scope

Institute Cargo Clauses (B) 1/1/2009 — ICC(B). The mid-tier 'named perils' clause: narrower than ICC(A) all-risks but wider than ICC(C). Covers loss or damage attributable to fire / explosion; vessel grounded, sunk or capsized; overturning or derailment of land conveyance; collision; discharge of cargo at port of distress; general average sacrifice; jettison; washing overboard; **entry of sea, lake or river water into vessel, container or place of storage**; total loss of any package lost overboard or dropped whilst loading or discharging.

2. Sum insured

100% of master invoice value + 10% freight allowance = USD 10,560 (rounded). Allianz standard cost-plus-10%-freight basis.

3. Deductible

5% of the claim amount, no minimum. Applied as a percentage of each settled claim.

4. Extensions and exclusions

Theft, Pilferage and Non-Delivery (TPND) extension: NOT included. Theft, pilferage and non-delivery losses are excluded. (Buyer chose to omit the TPND extension to keep the premium low; their rubber-gasket cargo is not theft-attractive.)

Specific exclusion: ordinary leakage and ordinary wear and tear (standard ICC(B) exclusion).

5. Notice of claim

Must be filed within 30 days of discharge. Within window.

6. Surveyor and settlement contact

Destination survey: Hanseatic Marine Survey (Hamburg). Claims: marine.claims.de@allianz.com quoting AL-DE-MAR-2026-008842.
