1. Coverage scope

Institute Cargo Clauses (A) 1/1/2009 — ICC(A) all risks. No commodity exclusions.

2. Sum insured

110% of master invoice value = USD 14,850.

3. Deductible — none (primer-comprador programme)

No deductible applies. Mapfre's 'primer-comprador' first-time-importer programme waives deductibles for the first three shipments under the policy as a customer-acquisition incentive; this is shipment number 2 under the programme.

4. TPNP extension

TPND extension included.

5. SPECIAL CLAUSE — Per-event sub-limit USD 2,000 (Clause MF-SUB-2025-08)

Clause MF-SUB-2025-08 (incorporated by reference):

*Notwithstanding the sum insured stated above, the maximum total payable by the insurer in respect of any single insurable event — defined as any one occurrence or series of occurrences arising from a common cause — shall be limited to **USD 2,000 per event**. For the avoidance of doubt, multiple cartons damaged in the same insurable event (e.g. a single water-ingress occurrence affecting the same container) constitute one event and are subject to the aggregate USD 2,000 cap.*

Application to the present loss

This per-event sub-limit was included as a trade-off against the waived deductible. The current loss — a single water-ingress event in the Malacca Strait affecting multiple cartons of Verde cargo — is **one insurable event** and is therefore subject to the USD 2,000 cap on aggregate payable.

6. Notice of claim

14 days from discharge at destination.

7. Surveyor and settlement contact

Lloyd's Register Marine Surveyors (Singapore), case #LR-SIN-2026-04-V552-A. Claims: siniestros.maritimos@mapfre.cl quoting MF-CL-MAR-2026-09812.
